

AVINASH PAL

ROTOSCOPY

WHO I AM

I am a Roto Artist i have Complete B.sc Media Technology with specialization on Rotoscoping .

CAREER OBJECTIVE

I am a roto and Vfx artist and look forward to enhancing my career in the same field. My object is to be part of a challenging and creatively enhancing industry that will provide satisfaction and success to me in my chosen field. I am looking forward to being able to explore the various opportunities the industry has to provide. Being a risk taker and challenger, I ensure that I take up every task given to me with full zeal and see to its perfect and timely completion. I never give up without putting in my two hundred percent. My career objective is to get into a job that keeps me satisfied and makes me wake up and look forward to my day.
